All competitive marching band rehearsals are very important and they are required for all students in the competitive marching band. In the event a student is severely ill or has an approved unavoidable conflict, students will need to complete these tasks with signatures to make-up the absence. We spend 3-6 hours during each rehearsal. During this time, we practice music, visuals, etc. for nearly 3-6 hours. Practice and prepare the music and visual components during each block listed above. One block may be done at home. For a Saturday rehearsal, you will need to complete two of these forms (one for the for 3 hour morning block and one for the 3 hour afternoon block). Completing this form will earn you 85% of the total points given for the rehearsal.

Once this form is completed, return it to Mr. Zimbelman.
