All students attend fall sectional until the week of November 6. For brass and woodwinds, this includes all competitive and non-competitive students (ALL members). We have an agreement with West Salem coaches and the athletic director that allows music students to miss one hour of practice per week for music sectionals. If you talk to your coach and there are issues, let me know and I'll resolve it with the coach or athletic director. After November 3, weekly sectionals are only mandatory for Wind Ensemble. Monthly sectionals are only mandatory for Advanced Band. However, Advanced Band sections have been known to hold more sectionals (student led) than just one per month, especially leading up to major performances. Same with Concert Band sectionals.

Woodwinds and Brass start the week of September 11.

Percussion and Guard have already started.
